PYE 2023 Budget Variance Explanation Report

To begin the FY 2025 budgeting process, staff reviewed the 3rd quarter financials and projected year end (PYE) numbers for revenue and expenses for the remainder of FY 2024. Based on this analysis, the PYE 2024 Budget is estimated to end the year over budget by **\$86,236.08**. The detailed explanation for all line items significantly over and under budget is outlined below.

Income

32 – Program Fees

This line item includes fees collected for Clubs, Weekly programs, Leisure Ed., Summer Camps, Special Events, and the Adult Day Program.

PYE 2024 is over budget by \$151,781.86 due to:

- \$66,002.85 - PURSUIT brought in more than anticipated in revenue due to increased numbers of participation. All six sites are filled accounting for absences, illnesses and participants leaving. This increase also includes late fees, rise and shine am program.
- \$11,500.39 - Club registration increased due to marketing and recruitment efforts and adding more attractive programming like ticketed events in the community.
- \$6,323.03 – Leisure Education increased due to providing services to more classrooms.
- \$41,334.30 – Day Camp increased due to the addition of a 3-week extended camp for District 15 due to delayed school opening. We were able to accommodate the wait list allowing more campers to access programs. Served more campers in 2024 than 2023.
- \$35,972.48 – General Programs increased due to adult day programs that are provided after the PURSUIT Adult Day Program at the programming sites. There was also an increase in all programs for traveling in the community that offered transportation.

Program fees fell short by \$9,351.19 in the following areas:

- \$3,102.97 – Special Events due to the cancellation of several winter special events and low to no enrollment in the early childhood special events.
- \$1,657.00 – Trips due to one participant needing to drop from the trip due to health reasons and receiving a full refund.
- \$4,591.22 – Athletics due to low registration this year in soccer by one team, in softball by one team and the Annual Sports and Recognition Banquet because the date conflicted with another event.

33 Transportation- Door to Door

This line item includes fees collected for participants receiving transportation from their residence and then dropped off at the same location at the end of the program.

PYE 2024 is over budget by \$13,240.56 due to:

- \$1,713.32 – General Programs has brought in more revenue due to the physically and visually impaired population accessing door to door transportation as well as offering door to door transportation to all families on an as needed basis when it is a barrier to participation.
- \$11,977.04 – Day Camp – an increase in door to door registrations for campers for all camps.

Transportation fees fell short by \$ 472.73 in the following areas:

- \$420.73 – Clubs fell short of door to door registration projections due to medical needs preventing participants from registering and needing transportation.
- \$52.00 – Special Events fell short.

34 Transportation- Pick up Points

This line item includes fees collected for participants receiving transportation from a designated pick-up location and then dropped off at the same location at the end of the program. Pick up points were set in NWSRA quadrant for a regional approach.

PYE 2024 is under budget by \$1,240.88 due to:

- \$116.56 – Clubs are under budget due to the implementation of the regional approach which required less pick up points.
- \$343.15 – Special Events is under budget due to the cancelation of several winter and early childhood special events.
- \$2,386.51 – Day Camp is under budget due to families utilizing the door-to-door option vs. pick up points.

PYE 2024 is over budget by \$1,605.34 due to:

- \$341.10 - Leisure Education due to programming for more classrooms.
- \$1,264.24 – General Programs due to increased adult day programming occurring after PURSUIT and participants needing transportation to and from the program locations.

340000 Non-Program Revenue

This line item includes the revenue that comes into the agency such as the P-card rebate checks, speaker honorarium for speaking fees, PDRMA Accreditation award and PURSUIT reimbursements (rent, staff and drivers).

PYE 2023 is over budget by **\$21,141.37** due to additional training presented by staff to non-member district agencies, increased PCard rebate, selling of various surplus office furniture, increase in the monthly reimbursement from PURSUIT.

37 Sale of Fixed Assets

This line represents the sale of equipment, furniture, or vehicles.

PYE 2024 is under budget by **\$4,545** due to the engine blowing in one of the vans to be sold. We anticipate receiving what we did for a similar van being sold with a blown engine for \$1,500. The second van fair market value is \$2,500 and that is what we anticipate receiving once sold on the GovDeals website.

38 Interest

This line item includes interest earned on the Operating and Investment accounts.

The Finance Team is pleased to present the financial reports and budget plans for your review. These documents provide a comprehensive look at NWSRA's financial status and budgetary planning for the upcoming fiscal year. Below is a summary of the items included in this report:

3rd Quarter Financials:

This report outlines the financial status for the third quarter of FY2024, reflecting the agency's performance as of September 30, 2024, versus the approved FY2024 Budget. The report analyses the Income Statement from January to September, focusing on the third quarter. It highlights any variances of 10% above or below the target, as well as financial trends that impact the agency's overall position.

Projected Year-End Financials for FY2024:

In light of the current data, we are presenting the projected financial performance for the year-end. This encompasses a forecast of anticipated revenue streams and expenditures for the remainder of FY2024, which served as a baseline for the preparation of the Proposed FY2025 Budget. This year staff anticipate ending the year at a deficit of \$86,236.08 for the following reasons:

- *Professional Fees* - are in excess of the FY2024 budget due to the contract with the outside firm of Robert Half to assist with the financials for the first quarter of 2024 when the Superintendent of Finance position was vacant. This overage also represents additional legal fees for policy development and Board support.
- *Office Supplies* – are in excess of the FY2024 budget due to the unanticipated repair and replacement of key fob latch on the interior door at the main office on both floors.
- *Credit Card and Bank Fees* – are in excess of the FY2024 budget due to the increase in fees to use credit cards and more participants and families using credit cards to pay for programs and Day Camps and the increase in the usage fees from Elavon
- *Maintenance/Utilities* – are in excess of the FY2024 budget due to an increase service calls for the HVAC system.

- *Rental Municipal* – are in excess of the FY2024 budget due to the loss of a large camp programming space and having to rent two spaces through NSSEO in addition to member districts charging NWSRA for facility space usage.
- *Commercial Transportation* – is in excess of the FY2024 budget due to an 84% increase in campers utilizing transportation.

- *Transportation Maintenance* – is in excess of the FY2024 budget due to increased costs in labor and parts to maintain the vehicle fleet. Staff are requesting quotes from vehicle maintenance and repair specialists for NWSRA's accessible fleet of 29 buses.
- *Public Awareness* – is in excess of the FY2024 due to numerous job postings and rigorous recruitment efforts for nine open positions and the constant recruitment of part-time employees and Inclusion aides.
- *Part-Time Salaries* – is in excess of the FY2024 budget due to the hiring of additional day camp staff, and general program staff as well as PURSUIT subs needs were higher than expected. This also includes filling the nine open program staff positions that would cover programs and general programs started using part-time staff for program leaders for all Saturday programs.
- *Independent Contractors* – is in excess of the FY2024 budget due to it including the SLSF grant writer's salary and the need for contracting Special Olympics Athletic Director (SOAD) for summer games and state basketball due to the opening in staff full-time positions.
- *FICA* – is in excess of the FY2024 budget due -to the need of additional part-time staff during the summer because of the addition of another camp offering.

Proposed FY2025 Budget:

The proposed operating budget for FY2025 provides a comprehensive overview of our anticipated revenues and expenditures. It details the sources of projected income, such as SLSF Grant Contributions and reimbursements, the PURSUIT shared revenue and reimbursements, the Member District Annual Assessment, and program and transportation fees. It also includes the expected costs associated with delivering NWSRA programs and services, recruitment and retention of staff, professional development, salaries and benefits, and other administrative costs needed to run the association. Additionally, the budget takes into account the current economic conditions, including inflation rates, FLSA, PLFAWA, minimum wage changes, and changes in funding which address the impact on our financial planning for FY2025. This overall analysis will help ensure we allocate resources effectively and address the agency's needs.

This year staff is presenting two versions of the FY2025 Proposed Budget:

Version 1

The first version of the FY2025 proposed budget balances revenues and expenses at zero. This version of Proposed FY2025 is highlighted in gray on the Proposed NWSRA FY2025 Budget Summary. This budget represents a reduction in costs of \$379,967.59. Cost reduction is in the following areas:

- Cuts in conference and education for staff - \$11,232.50

- Cuts in inclusion salaries for inclusion support at each member district - \$278,242.77. This cut will directly impact our inclusion support to member districts and eliminate inclusion aides at various times throughout the year.

Version 2

The second version of the FY2025 proposed budget summary represents the addition of the removed items at a deficit of \$379,967.59. This is highlighted in orange on the Proposed NWSRA FY2025 Budget Summary.

Reserves and Investment Status

NWSRA maintains a prudent reserve policy to ensure the financial stability and long-term sustainability of the agency. Our reserves serve as a safeguard against unexpected financial challenges, enabling us to continue providing essential services without disruption. A portion of these reserves is strategically invested through PFM Asset Management, a trusted financial advisory firm. PFM's investment approach prioritizes safety, liquidity, and yield, aligning with NWSRA's conservative investment philosophy. By partnering with PFM, NWSRA benefits from professional asset management that helps us optimize returns on our reserve funds while minimizing risk, ensuring the agency is well positioned to meet both current and future financial obligations.

According to the PFM Investment Update dated September 30, 2024, the Investment Holding Account (General Reserve) has \$100,311 in liquidity and \$1,207,000 invested in a laddered CD approach.

Recommendation to utilize Reserve Funds

Staff recommends using reserve funds to cover the \$57,250.39 for part-time staff to reach the maximum revenue potential as proposed, using reserve funds of \$278,242.77 to cover the full Inclusion Aide Support needed, and using reserve funds for FICA in the amount of \$27,279.44 for FY2025 for a total impact of \$362,772.60.

The Board recommended an MDAA Task Force to be created in January of 2025 to review the MDAA formula, how inclusion is paid, and the need for increased funds for future years to cover staffing for full-time and part-time staff. The Board also recommended working with HR Source to do an in-house comprehensive salary study to evaluate the Superintendent levels and address the compression between the levels.

FY2025 Capital Budget:

In conjunction with the operating budget, the capital budget for FY2025 includes projected capital expenditures aimed at maintaining and upgrading our facility spaces, our Administrative Offices, our fleet of 29 vehicles, our equipment, and our technology infrastructure. The 5-year Capital Improvement Plan began with \$2,573,872.42 in restricted capital funds. The Annual Capital Plan funds for each year is moved from PFM Capital Investments to the Capital Maxx Safe account located at Village Bank and Trust.

Currently, the Capital Maxx Safe Account at Village Bank and Trust balance is \$413,525.44. The PFM Capital Reserve Account as of September 30, 2024, \$43,030 available and \$600,000 invested. Below is the breakdown of Capital expenditures throughout the Capital Improvement Plan since 2021:

We are also providing the annual assessment packet for each Member District, which outlines their respective financial contributions to NWSRA for FY2025. This packet includes detailed breakdowns of how each assessment has been calculated based on the current MDAA formula of 70% EAV, 20% Gross Population, and 10% Inclusion Support with a 2% ceiling and floor. However, in July 2024 the NWSRA Board approved a .5% special assessment resulting in an overall 2.5% MDAA increase for FY2025.

SLSF Contribution and Reimbursement to NWSRA:

Included in this report is an overview of the Special Leisure Services Foundation (SLSF) contribution and reimbursement plan for NWSRA. This section outlines the funds contributed by SLSF to support the five pillars: Transportation, Inclusion, Athletics, General Programming, and Scholarships. NWSRA Proposed Budget FY2025 Assumptions

REVENUE

31 – Member District Assessments

For FY2025, NWSRA asked the board to increase above the ceiling by .5%. The Member District Assessment is 2.5%, resulting in a total of \$4,516,881.33.

32 – Program Fees

The major reason for the decrease in proposed program revenue is due to the anticipated drop in PURSUIT net income due to the increased expenditures added to the overall PURSUIT budget. This was done to drop the net revenue and move toward recovering all expenses for both agencies. Clearbrook and NWSRA have included expenses, which will reduce the net that is received. However, the monthly reimbursement to NWSRA will be higher. All our other programs, besides Athletics, remain stable and are projected to increase in revenue based on PYE 2024.

33 – Transportation - Door to Door

We are seeing an increase in door-to-door transportation requests specifically for NWSRA Day Camp Programs. Therefore, we budgeted based on PYE 2024. We anticipated the same number of Day Camp participants.

34 - Transportation - Pick Up Points

Transportation requests are staying stable for pick up points. Therefore, we budgeted based on PYE 2024.

35 – Non-Program Revenue

PYE 2024 was based on NWSRA working with an outside consulting firm to train Schaumburg Township on disabilities. We cannot anticipate another job like this coming in. Increase in the monthly reimbursement for PURSUIT due to the additional expenses from NWSRA being placed in the overall budget.

36 – SLSF Grant Contributions

SLSF Grant Contributions increase is to offset the cost to NWSRA for the grant contractor.

37 – Sale of Fixed Assets

Proposed Budget FY2025 represents the sale of surplus office items only, no vans are scheduled to be sold.

38 – Interest

Proposed Budget FY2025 budgeting higher due to having several short-term CD's coming to maturation that were locked in at high interest rates in 2024.

OPERATING EXPENSE

41 – Professional Fees

The Proposed FY2025 Budget would need to be increased by \$5,962.50 to include legal services at every board meeting in 2025 if the Proposed FY2025 Version 2 is approved.

42 – Office Supplies

Proposed Budget FY2025 is slightly higher than Budgeted 2024 to more accurately represent the inflated cost of office supplies.

43 – Credit Card & Bank Fees

At the end of the 2 years, NWSRA declares the unpaid program fee debt as bad debt and writes it off. For Proposed Budget FY2025, which represents the bad debt on the books from 2023 outstanding program fees is \$602. NWSRA will do everything in its power to collect the bad debt in 2025. People with outstanding debt are not able to register until their account is settled.

44 – Postage

SLSF directly reimburses NWSRA for postage use. For Proposed Budget FY2025 this line will show expense for both NWSRA and SLSF. SLSF reimbursement will be received as income in SLSF Contributions/Reimbursements line item.

45 – Telephone/Fax

Proposed Budget FY2025 is less than PYE 2024 due to the completion of the contract with First Communication for our previous phone system.

46 – Conference/Education

In order to balance the Proposed Budget FY2025, we decreased conference and education opportunities for all staff and will rely heavily on webinars and virtual conference opportunities.

47 – Memberships

Proposed Budget FY2025 is increased over PYE 2024 due to increased number of new certifications anticipated and increase in membership dues to allow for access to online education opportunities for staff rather than in person conferences and education. Will increase memberships to Costco and Sams Club to buy in bulk at discounted rates.

48 – Health Insurance

Proposed Budget FY2025 is lower because we raised employee contribution percentage by 2% in preparation for leaving PDRMA Health and going out to the marketplace for health insurance at a much higher rate. The health benefits for the 9-10 new employees were spread throughout the year based on the anticipated hiring time frames.

49 – Maintenance/Utilities

Proposed Budget FY2025 reflects the increased PYE 2024 costs due to inflation.

50 – Rent

Increases in rent for Wheeling and Buffalo Grove sites are budgeted but these increases will be reflected until the 2026 PURSUIT budget.

51 - Computer

Proposed Budget FY2025 is higher than FY 2024 Budget due to the inclusion of Asset Max and increase in software application costs. Perform Yard software has been canceled for 2025 and we will be using the Bamboo platform for performance evaluation, which is now included in the base fee.

52 – Rental Municipal

Proposed Budget FY2025 is higher than budgeted in FY 2024 due to the closing of Palatine Stables and switching to Walk on Farms Therapeutic Horseback Riding Stables in Barrington.

53 – Commercial Expense

For Proposed Budget FY2025 is increased over FY 2024 budget due to anticipating increased participation for Social Clubs for ticketed events as well as Athletics seeing an increase due to anticipating more teams qualifying for state games and requiring housing, meals, and specialized facilities for Power Lifting.

54 – Program Development

Proposed Budget FY2025 is higher than FY 2024 budget due to anticipated expenses related for the open house for the Accessible Greenhouse at the Wheeling Park District. These expenses will be reimbursed by SLSF.

55 – Program Supplies

Proposed Budget FY2025 is higher than budgeted in FY 2024 due to requiring more behavior management support supplies to address the rising behaviors being seen by participants in NWSRA and inclusion programs. SLSF will be providing grant funding to help cover these expenses.

56 – Commercial Transportation

Proposed Budget FY2025 is based on PYE 2024 plus the expense for the addition of one more week of day camp.

57 – Mileage

The Proposed Budget FY2025 is lower than the FY2024 budget due to budgeting based on the calendar schedule of hiring which spreads out filling 9-10 positions throughout the year. The positions that are open are also the program staff and Coordinators who will be utilizing mileage at a higher percentage.

58 – Transportation Maintenance

Proposed Budget FY2025 is higher than budgeted in FY2024 to accommodate for increase in labor and parts expenses as well as the maintenance cost associated with maintaining older vehicles. This expense is being covered in full by grants from SLSF.

59 – Gas/Tolls

Proposed Budget FY2025 reflects an increase from PYE FY2024 due a potential gas price increase from \$3.60 to \$3.88 a gallon for 18,000 gallons.

60 – Printing

Proposed Budget FY2025 is higher than budgeted in FY 2024 due to increased paper cost as well as budgeting for check printing for 2025.

61 – Public Awareness/Subscriptions/Ads

Proposed Budget FY2025 reflects the more accurate expenditures for outreach and recruitment needed based on PYE 2024 needed to recruit for 9-10 full time positions and part time staff and inclusion aides throughout the year.

62 – Full-Time Salaries

Proposed Budget FY2025 includes the hiring of open full-time positions scheduled to be hired throughout FY2025 and includes a proposed 4% Salary pool. (3% for merit increases and 1% for salary pool)

63 – Part-Time Salaries

Proposed FY2025 Version 2 includes the salaries for part time employees to support the budgeted program and transportation revenue. Version 1 will mean a drop in programs and program fee and transportation revenue due to the decrease of the part staff needed to support the programs and services.

65 – Independent Contractors

Proposed Budget FY2025, SLSF will be reimbursing NWSRA for the entire grant contractor cost.

66 – Employment Expenses

Budget FY2025 is higher than budgeted in FY2024 due to budgeting for all new full-time hires to go through drug tests and physicals. Background checks are prepaid, and need be to replenish for 2025. Unemployment costs have increased by nearly double for single benefits for half the year.

66 – PDRMA Liability Insurance

PDRMA sets our liability expense based on our payroll, workman's compensation claims, and liability insurance.

67 – FICA

Proposed FY2025 Version 1 is lower than due to the hiring of 9-10 full-time employees throughout 2025. Version 2 is higher due to part-time staff and inclusion staff based on PYE2024 needs.

68 – IMRF

Proposed Budget FY2025 includes the hiring of open full-time positions scheduled to be hired throughout FY2025.

69 – Inclusion (Salary)

Proposed FY2025 Version 2 includes the salaries for inclusion aids for inclusion support to the member districts for the entire year. Version 1 will provide inclusion support for member districts

with a drop-in inclusion support at specific points throughout the year based on each individual member districts usage.

69 – Inclusion Expenses

Proposed Budget FY2025 reflects the anticipated cost needed for behavioral supports, sensory equipment and inclusion supports per member district.

69 – Inclusion Independent Contractors

Proposed Budget FY2025 reflects actual cost for the independent contractors reflected in PYE2024 per member district.

Fed Cuts 50 Basis Points at September FOMC Meeting

Select Comments from Chair Powell Press Conference

"As inflation has declined and the labor market has cooled, the upside risks to inflation have diminished and the downside risks to employment have increased."

"For a long time, the risks were on inflation...part of bringing down inflation though, is cooling off the economy, and a little bit cooling off the labor market. You now have a cooler labor market, in part because of our activity. So, what that tells you is its time to change our stance."

"We made a good strong start to this...we're going to go carefully, meeting by meeting"

"I do not think that anyone should look at this and say [50 basis points] is the new pace...In the base case,...look at the SEP."

"We believe with an appropriate recalibration of our policy that we can continue to see the economy growing and that will support the labor market."

"The economy is growing at a solid pace; inflation is coming down...the labor market is still in solid shape...our intention is really to maintain the strength that we currently see in the U.S. economy."

- The Illinois Term Portfolio and the Certificates of Deposit Investment Program rates are market rates, subject to change and the rates shown are net of applicable advisory fees and other expenses. They are quoted on an actual day basis, interest is simple and payable at maturity. Actual rates, availability, and minimum investment amounts may vary at the time of purchase and are subject to change. Once you place an investment, the rate is fixed for the full term of your investment and there may be a penalty for early redemption. The minimum investment for Illinois TERM is \$100,000. The minimum investment for purchasing Certificates of Deposit in the Certificates of Deposit Investment Program is \$95,000; the maximum investment is an amount such that the total value of the CD (including interest) will not exceed the applicable FDIC insurance limits per institution. Certificates of Deposit can be purchased through the Certificates of Deposit Investment Program only by executing a separate investment advisory agreement with PFM Asset Management, the Investment Adviser for Illinois Trust (the "Trust"). Certificates of Deposit purchased through the Certificates of Deposit Investment Program are not issued, guaranteed or insured by the Trust or the Investment Adviser or any of its affiliates. A description of the Illinois TERM Portfolio and the Certificates of Deposit Investment Program are contained in the Information Statement. The Information Statement contains important information and should be read carefully before investing. Past performance is not indicative of future results.
- The IPDLAF+ Class rate represents the current seven-day SEC yield as of the date indicated. The current seven-day yield, also referred to as the current annualized yield, represents the net change, exclusive of capital changes and income other than investment income, in the value of a hypothetical account with a balance of one share (normally \$1.00 per share) over a seven-day base period expressed as a percentage of the value of one share at the beginning of the seven-day period. This resulting net change in account value is then annualized by multiplying it by 365 and dividing the result by 7. Past performance is not indicative of future results and yields may vary. The yield shown above may reflect fee waivers by service providers that subsidize and reduce the total operating expenses of the Trust. Trust yields would be lower if there were no such waivers.

3rd Quarter - Capital FY 2024 Budget Variance Explanation Review

The Budget vs. Actual Report for the 3rd quarter ending September 30, 2024, has been completed and reviewed by the NWSRA staff and Financial Team. During this review, a 10% variance was used as the indicator for explanation. The following pages list the line-by-line descriptions as well as the explanations for any variance within the 10% perimeters. At the end of the Summer of FY2024, Rolling Meadows Park District informed staff that the roof for Park Central would be replaced in FY2025. NWSRA's portion of this expenditure is approximately \$300,000. To prepare for this new expense several capital expenditures were halted to fund the \$150,000 in FY2025 and \$150,000 in FY2026.

MDAA

FY2025

MDAA FY2025

The Member District Annual Assessment (MDAA) exists to fund each district share of the expenses, which provides programs and services for individuals with disabilities through the joint agreement that formed the Special Recreation Association or Northwest Special Recreation Association (NWSRA). As part of the joint agreement, each Member District can levy up to \$.04 for every \$100 of Equalized Assessed Evaluation (EAV) (Section 5-8) for the properties in each community. This fund is restrictive and can only be accessed by Park Districts, Villages, and Cities that are a part of a Special Recreation Cooperative. The funds levied for Section 5-8, known as the Handicapped Accessible Fund, are a separate levy and must be used to establish and maintain recreational programs for individuals with disabilities and to enter into agreements to provide services for individuals with disabilities. The calculation to create the Member District Annual Assessment (MDAA) formula was changed in March 2023 by the Finance Committee and approved at the March 2023 Board meeting. The changes in the calculation now include the Inclusion Services used in the previous year for each member district. The calculation is as follows:

- 70% of each Member District EAV, 20% of each Member District audited Gross Population numbers, and 10% of Actual Inclusion Services from the previous year.
- With a 2% ceiling and a 2% floor to stabilize the contribution rates for each Member District

To support the FY2025 MDAA proposal, staff analyzed the last 10 years of contributions. The chart below represents the following:

MDAA Year	Percentages +(-)
2014	-2%
2015	-2%
2016	1%
2017	-1%
2018	2%
2019	1%
2020	1%
2021	0%
2022	0%
2023	0%
2024	2%

Total	10	2%
per year increase	10-year average % Percentage	0.20%

- The MDAA has reached the 2% ceiling only two times during this period
- The MDAA has increased by only 1% three times during this period
- The MDAA remained flat (0%) during the years between 2021 to 2023
- The MDAA decreased to the 2% floor in the years of 2014 and 2015
- The MDAA decreased by 1% 2017
- During these 10 years the average increase was almost flat at 0.2%
- Between 2014 and 2024 the MDAA has only increased by \$168,840.00

The MDAA was calculated using the 2022 Tax Agency Report EAV numbers, Member District Annual Audit Gross Population numbers, and Inclusion Services expenditure from FY2023.

The approved MDAA for FY2025 increased the ceiling by .5% to 2.5% for FY2025. This results in an MDAA increase of \$112,371.19. Due to the increases in inflation, which is at a 23-year high according to the Federal Reserve Chairman Powell, everything is more expensive this includes the cost of living, supplies, and services costs. Not only has inflation impacted the Agency but in 2024 NWSRA was required to comply with the Paid Leave for All Workers Act requiring 40 hours of paid leave for all employees, as well as the FLSA Exempt Standards Updates of the US Department of Labor Notice from April 23, 2024. The FLSA Exempt Standards Update required that exempt employees make \$43,888.

2025 SPECIAL RECREATION FUND RECOMMENDATIONS Based on a .04 Levy

Member Park District	Property County E.A.V.	Handicapped Fund .04 Levy per \$1 EAV	NWSRA MDAA Billed Fiscal Year	Balance of Handicapped Fund	MDAA Space Allowance @ .00004 x EAV for NWSRA usage	Dollars Available for ADA Compliance Projects
Each Member District that is a part of the Special Recreation Association	This is the funding that the County Assesors Office has allocated for each Member District, calculated from the Equalized Assessed Valuation of the properties.	Each Member District is allowed to levy \$.04 for every \$100 EAV to be used to provide programs and services and accessibility for Individuals with Disabilities.	As a part of the NWSRA Joint Agreement, the Member District pay an Annual Assessment to NWSRA to support programs, services, staff, transportation, inclusion, education, training and much more. The MDAA is calculated using the formula of 70% EAV, 20% Gross Population and 10% Services with a 2% ceiling and a 2% floor.	This represents the remaining balance after the MDAA for NWSRA (column D) is subtracted from Handicapped Fund (column C)	The amount that each Member District can reimburse itself for the use of space by NWSRA programs and services. This is based on a formula used to estimate the annual costs of usage for NWSRA programs and services at the Member District facility spaces.	This is the remaining balance of each Member District's Handicapped Fund. This balance can be used for Special Recreation Association programs and services, inclusion support and ADA Compliance expenses.
