OTIS

HydroAccel™

Otis HydroAccel™ Hydraulic Control System

1/19/2024

CUSTOMER NAME

Arlington Heights Park District

Otis Elevator Company

949 Oak Creek Dr.
Lombard, IL 60148

PROJECT LOCATION

410 N ARLINGTON HEIGHTS RD
Arlington Heights, Illinois, 60004

PROPOSAL NUMBER

F7SC7351/01

We propose to furnish labor and material to provide a microprocessor based HydroAccel control system. It is a digital closed-loop microprocessor-based control system specifically designed to meet the particular needs of modernizing hydraulic elevators.

Section 1

UNITS

OMNIA PARTNERS

THIS CONTRACT WILL BE A PART OF THE OMNIA PARTNERS PURCHASING AGREEMENT #2019.001563. PER THE AGREEMENT, OTIS HAS PROVIDED A 2% DISCOUNT ON THIS PROJECT'S FINAL PRICE.

DUTY

The present capacity and speed of the elevators will be retained as follows:

410 N Arlington Heights

MACHINE #	CAPACITY (Pounds)	SPEED (Feet per Minute)
Unit 1	2500	100

TRAVEL, STOPS & OPENINGS

The present travel, stops and openings of the elevators will be retained as follows:

410 N Arlington Heights

Unit 1

LANDINGS	OPENINGS		Distance Between Floors
	Front	Rear	
4	Yes	No	0 ft 0 in 0
3	Yes	No	10 ft 0 in 0
2	No	Yes	10 ft 0 in 0
1	Yes	No	10 ft 0 in 0

Section 2

OPERATION

NEW AUTOMATIC SELF-LEVELING

The elevator shall be provided with automatic self-leveling that shall typically bring the elevator car level with the floor landings + ¼" regardless of direction of travel. The automatic self-leveling shall correct for over travel or under travel and rope stretch.

NEW SPECIAL EMERGENCY SERVICE

Special Emergency Service operation shall be provided in compliance with the latest applicable revision of the ASME/ANSI A17.1 Code.

Special Emergency Service Phase I to return the elevator(s) non-stop to a designated floor shall be initiated by an elevator smoke detector system or a keyswitch provided in a lobby fixture.

The smoke detector system, if required, is to be furnished by others. The elevator contractor shall provide contacts on the elevator controller to receive signals from the smoke detector system.

A keyswitch in the car shall be provided for in-car control of each elevator when on Phase II of Special Emergency Service.

If an elevator is on independent service when the elevators are recalled on Phase I operation, a buzzer shall sound in the car and a jewel shall be illuminated, subject to applicable codes.

NEW INDEPENDENT SERVICE

When the Independent Service switch in the car operating panel is actuated; it shall cancel previously registered car calls, disconnect the elevator from the hall buttons, and allow operation from the car buttons only. Door operation shall occur only after actuation of the "DOOR CLOSE" button.

NEW INSPECTION OPERATION

For inspection purposes, an enabling keyswitch shall be provided in the car operating panel to permit operation of the elevator from on top of the car and to make car and hall buttons inoperative.

HOISTWAY ACCESS SWITCHES

An enabling keyswitch shall be provided in the car operating panel to render all car and hall buttons inoperative and to permit operation of the elevator by means of an access keyswitch adjacent to the hoistway entrance at the access landing.

Section 3

MACHINE ROOM EQUIPMENT

POWER SUPPLY

The power supply of 208V_60HZ, alternating current will be retained with the new equipment arranged for this power supply.

NEW CONTROLLER

A microprocessor based HydroAccel control system shall be provided to perform all the functions of safe elevator motion and elevator door control. This shall include all the hardware required to connect, transfer and interrupt power, and protect the motor against overloading. The system shall also perform group operational control.

NEW SOFT STARTER

A new solid-state starter will be provided. It will be of the same power requirement and starting configuration as presently exists.

RETAIN PUMP MOTOR

The existing motor shall be retained. It will be thoroughly inspected. Any components requiring replacement will be of the original manufacture or its equivalent.

POWER UNIT

The Existing power unit will be retained.

RETAIN VALVE

Your existing valve will be retained. It will be inspected and adjusted for proper operation. Existing coil voltage of 120VAC required for retention of existing valve.

Section 4

DOOR EQUIPMENT

NEW CLOSED LOOP DOOR OPERATOR

Install a new closed loop door operator. Car and hoist way doors shall be power operated by means of a closed loop door operator mounted on top of the car designed to give consistent door performance with changes in temperature, wind or minor obstruction in the door track. The system continually monitors door speed and position and adjusts it accordingly to match the pre-determined profile.

NEW DOOR-PROTECTION DEVICE

Install a new solid state, infrared passenger protection device on the car door. Elevator doors shall be provided with a reopening device that will stop and reopen the car door(s) and hoistway door(s) automatically should the door(s) become obstructed by an object or person.

NEW INTERLOCKS

New interlocks will be installed. The interlocks shall prevent operation of the elevator unless all doors for that elevator are closed and shall maintain the doors in their closed position while the elevator is away from the landing.

RETAIN CAR DOOR TRACKS AND HANGERS

The present car door tracks and hangers shall be retained and inspected for proper alignment. Any adjustment required will be accomplished.

RETAIN HOISTWAY DOOR TRACKS AND HANGERS

The present hoistway door tracks and hangers shall be retained.

NEW HOISTWAY DOOR RESTRICTORS

Folding hoistway door restrictors shall be installed.

Section 5

HOISTWAY EQUIPMENT

RETAIN HOISTWAY OPERATING DEVICES

The existing hoistway operating devices shall be retained.

RETAIN CAR GUIDES

The existing car guides shall be retained.

RETAIN CAR INTERIOR

The present car interior shall be retained. Please see alternates section for details.

RETAIN FLOORING

The present flooring will be retained.

NEW PIT SWITCH

An emergency stop switch shall be located in the pit accessible from the pit access door.

RETAIN SPRING BUFFERS

The existing spring buffers shall be retained.

NEW ACCESS ALERT HOISTWAY SAFETY DEVICE

We will furnish and install all the necessary components, circuitry and wiring for a new Access Alert system, which will operate on the elevator car top and pit.

Access Alert will be installed so the elevator can be controlled in a safe manner when an authorized person accesses the elevator hoistway. The Access Alert system meets all applicable safety codes.

This groundbreaking new product, Access Alert, is specifically designed to:

- Prevent work on top of the elevator without the top of car inspection station engaged properly.
- Prevents moving the elevator on inspection while personnel are in a potentially unsafe position.
- Prevent working in the elevator pit, while the pit stop switch is not engaged properly.
- Meet applicable building and elevator codes.

Similar to the seatbelt alarm in your car, Access Alert provides a constant, noticeable reminder to anyone accessing the hoistway that they need to engage the stop switch before starting work. We believe the simplicity, ease of installation, and cost-effectiveness of this product will be an important way for you to invest in improving safety inside your facility.

Section 6

CAR FIXTURES

NEW APPLIED CAR OPERATING PANEL

An applied car operating panel shall be furnished. The panel shall contain a bank of mechanical illuminated buttons marked to correspond with the landings served, an emergency call button, emergency stop button, door open and door close buttons and a light switch. All buttons, when

applicable, to be long life LED illumination. This panel shall be equipped with a button that shall initiate two-way communication between the car and a location inside the building, switching over to another location if call is unanswered.

NEW EMERGENCY CAR LIGHTING

An emergency power unit employing a 6-volt sealed rechargeable battery and totally static circuit shall be provided. The power unit shall illuminate the elevator car and provide current to the alarm bell in the event of normal power failure. The equipment shall comply with the requirements of the latest applicable revision of the ASME/ANSI A17.1 Code.

NEW CAR POSITION INDICATOR

A car position indicator shall be installed. The position of the car in the hoistway shall be shown by illumination of the indication corresponding to the landing at which the car is stopped or passing.

NEW AUDIBLE SIGNAL (INDICATES PASSING OR STOPPING AT A LANDING)

An audible signal shall sound in the car to tell passengers that the car is either stopping or passing a landing served by the elevator.

NEW AUDIBLE SIGNAL

Equipment shall be furnished to allow an audible announcement in each car of the name of the next selected landing at which the elevator will stop and the committed direction of travel. Several advisory messages shall also be available to indicate the need for elevator on special service or passenger delay of elevator.

NEW "IN-CAR" DIRECTION LANTERNS

Direction lantern(s) shall be mounted in car entrance jamb(s), visible from the corridor, which when the car stops and the doors are opening shall indicate the direction the car is traveling. A chime shall also be furnished on the car that will sound once for the "UP" direction and twice for the "DOWN" direction as the doors are opening.

Section 7

HALL FIXTURES

NEW HALL BUTTONS

New hall buttons shall be installed at each landing. An up button and a down button at each intermediate landing and a single button at each terminal landing shall be installed. All buttons, when applicable, shall be long-life LED illumination.

NEW SECOND HALL BUTTON RISER

A second riser of illuminated hall buttons shall be provided. All buttons, when applicable, to be long life LED illumination.

Section 8

HEALTH PRODUCTS

No Health Products Specified

Section 9

WORK BY OTHERS –

The following items are included in the work by others scope regarding this modernization.

INCLUSIONS FOR SIMPLEX 4-STOP ELEVATOR MODERNIZATION

- Provide and install new load side connection from existing Main Line shunt trip breaker to new elevator controller. Installation and connection of auxiliary contacts is included.
- Demo existing SSY cab light disconnects and install a new code compliant disconnect switches.
- Provide and install a new load side connections from cab light disconnects to new elevator controllers.
- Provide and install ethernet cabling, 120-volt a/c power, and a new code compliant disconnect switch for 2-way communication equipment.
- Provide and install (1) new 4' LED strip light, (1) new 20-amp GFCI at Machine Room.
- Demo existing devices, provide and install (1) 4" vapor tight LED, (1) 20a GFCI, (1) 20a simplex receptacle at Elevator Pit.
- Provide and install a pilot lit light switch at Elevator Pit.
- Subcontract sump pump pit alterations to increase pit depth for a code compliant installation.
- Subcontract the installation of an oil minder sump pump system.
- Subcontract the installation of a 24"x24" fire rated machine room door vent.
- Subcontract World Security for their tech's time for fire alarm programming, pretest, and final inspection.

ALL ITEMS LISTED BELOW ARE EXCLUDED FROM WORK BY OTHERS PRICING

Exclusions

- Any repairs to existing systems outside this scope.
- Performance or payment bonds.
- Electrical permit.
- Fire alarm monitoring charges or connections.
- Security systems, unless noted in proposal.
- Cutting and patching for elevator fixtures.
- HVAC systems.

AIR CONDITIONING (IF NEEDED)

Provide suitable ventilation and cooling equipment, if required, to maintain the machine-room temperature between 60°F and 100°F. The relative humidity should not exceed 95 percent non-condensing.

BUILDING POWER

Provide electrical power for light, tools, hoists, etc. during installation as well as electric current for starting, testing, and adjusting the elevator. Power of permanent characteristics to be provided to properly operate all the elevators concurrently scheduled to be modernized. Power must be a 3-phase 4 wire system with ground and bonded disconnects. Grounded leg delta systems are not acceptable.

SPRINKLERS (If needed)

Provide code compliant sprinkler system, as required, in the hoistway, pit and machine room. If sprinklers are being installed or altered in the hoistway(s), pit or the machine rooms, a means must be provided to disconnect three-phase power before water is applied. This is usually accomplished with a shunt trip breaker that must be located outside the elevator machine room. The shunt trip breaker may be activated by heat detectors located within 24" of the sprinkler heads and arranged to trip at a lower temperature than the sprinkler heads. A heat detector is not required in the pit if the sprinkler head is within 24" of the pit floor. Heat and smoke devices in elevator hoistways must be installed with UL rated and lockable panels that are accessible for servicing from outside the hoistway. The panel interiors are to be guarded using a minimum 13 gauge metal with a pattern of maximum 3/4 inch holes.

CUTTING AND PATCHING

Do any cutting, (including cutouts to accommodate hall signal fixtures, entrances and/or machine room access) patching and painting of walls, floors or partitions.

MAIN DISCONNECT

Provide a fused lockable disconnect switch or circuit breaker for each elevator per the National Electrical Code with feeder or branch wiring to the transformer. Size to suit elevator contractor. Provide a SHUNT TRIP disconnect, as required, if sprinklers are being provided. Provide suitable connections from the main disconnect to the elevator control equipment.

Electrical Feeder system to limit available short circuit to not more than 10k amps at the load side of the elevator main line disconnect.

GROUND WIRE

Provide a properly sized ground wire from the elevator controller(s) to the primary building ground.

EMERGENCY COMMUNICATIONS – Voice / Video / Text

Provide a dedicated 125 volt, 15 ampere single-phase power supply with a fused SPST disconnect switch or circuit breaker, per group of elevators in the same location as the 3-phase elevator disconnect. This disconnect or breaker shall be capable of being locked in the open position per National Electrical Code or Canadian Electrical Code, as applicable. If Emergency (standby) power system is supplied this disconnect must be arranged to be feed from the same emergency (standby) power transfer switch as the elevator group. Provide a dedicated RJ45 internet network connection in each control room, minimum download speed 5Mbps per elevator, minimum upload speed 1Mbps per elevator.

Number of Elevators	Min. Download Bandwidth (Mbps)	Min. Upload Bandwidth (Mbps)
1 - 3	5	1
4	10	2

EMERGENCY (STANDBY) POWER (IF NEEDED)

If emergency power is available, verify and provide the following:

- a. Power that meets the load characteristic requirements of the new control system. Power that is capable of operating and providing sufficient power to non-linear elevator loads and that is capable of absorbing regenerated power resulting from running elevators with overhauling loads.
- b. Two conductors to the machine room from a normally closed auxiliary contact on the Owner's EP transfer switch. Contacts to open when power transfers to the emergency source.
- c. Two additional conductors to the machine room from an adjustable timed relay on the Owner's EP transfer switch to indicate "request to transfer" from standby to normal power.
- d. Power for 115VAC circuits that supply elevator cab lights, cab fan, communication means, EMS, Lobby Panels, and Compass dispatching systems (if applicable).
- e. Power for machine room lighting, ventilation and cooling means.

LIGHTING

Provide sufficient lighting in the buildings common areas to facilitate a safe working environment. Provide new or modify machine room lighting to provide a minimum of 19 ft. candles of illumination and new pit lighting to provide a minimum of 10ft. candles of illumination. The machine room light switch shall be located within 18" of the lock-set side of the entry door. Pit light switches shall be adjacent to the pit ladder and a minimum of 24" above the threshold level. Lighting must have code compliant guards of either grounded metal, plastic or comparable. Pits subject to sprinklers shall have NEMA 4 rated fixtures.

PROJECT BEING "DRIED-IN"

Work, as required, to keep the elevator lobbies, hoistway, machine room and storage area "dried-in" for the entire length of the project.

MACHINE ROOM ACCESS

Provide a self-locking and self-closing door for the elevator machine room. Access door to be adequately sized to accept our equipment. Modify machine room access, as required, to comply with code and facilitate safe egress of all equipment.

FIRE EXTINGUISHER

Provide fire extinguisher in elevator machine room.

NON-ELEVATOR MATERIAL IN HOISTWAY

Remove or encapsulate, as required, any non-elevator related pipes or wiring located in the elevator machine room or hoistway.

HOISTWAY VENTILATION

Provide code compliant hoistway ventilation. Code requires a means to prevent the accumulation of hot air and gasses at the top of the hoistway. Pressurizing the hoistways, or providing vents from the top of the hoistway to the outside of the building usually accomplishes this. Vents shall not be less than 3 1/2% of the area of the hoistway nor less than 3 sq. ft. for each elevator car, whichever is greater. You may not vent the hoistway to the machine room. If the hoistway vents must run through the machine room, they must be enclosed in a fire rated structure and not violate clearances around our equipment.

HOISTWAY LEDGES

Provide a 75o angle constructed of a non-combustible material on all ledges that are 2" greater in the hoistway, excluding multi-hatch divider beams.

SUMP HOLE GRATING

Provide a flush grating over the sump hole located in the elevator pit.

STORAGE

Provide dry, protected and secure storage space adjacent to the hoistway(s). Otis shall be compensated for material delivered that is stolen or removed from the jobsite.

DISPOSAL

The disposal of removed elevator components; machines, controllers, ropes, hydraulic fluid, oils, buffers and packing materials from the new equipment and any and all related materials shall be the sole responsibility of the Customer or owner. If a dumpster is provided on site, we will deposit waste materials in the dumpster or at an agreed upon on-site location for removal by the Customer or owner.

PIT LADDERS

Provide a pit ladder, as required, in each pit that does not have walk-in access doors. Ladder shall extend 48" above first landing access door.

OPERATING ELEVATORS FOR OTHER TRADES

If we are required to operate an elevator to facilitate the work of other trades (e.g., sprinklers, smoke sensors, ledges, etc.) then we shall be compensated for this lost time and the project schedule shall also be modified.

ASBESTOS

Should any asbestos be found to be present in the building which is related to any of our work, it shall be the responsibility of others to monitor, abate, contain or prepare the workplace as safe for our employees to work within or about. Otis will not be responsible for working with asbestos which may be disturbed or uncontained. Otis will not be responsible for any costs associated with delay of the job should asbestos be detected or require addressing by others for us to proceed. This includes but is not limited to re-mobilization charges which may be applied.

HAZARDOUS MATERIALS

You agree to notify Otis if you are aware or become aware prior to the completion of the work of the existence of asbestos or other hazardous material in any elevator hoistway, machine room, hallway or other place in the building where Otis' personnel are or may be required to perform their work. In the event it should become necessary to abate, encapsulate or remove asbestos or other hazardous material from the building, you agree to be responsible for such abatement, encapsulation or removal, and any governmental reporting, and in such event Otis shall be entitled to (i) delay its work until it is determined to Otis' satisfaction that no hazard exists and (ii) compensation for delays encountered.

MATERIAL RESPONSIBILITY

Otis maintains no responsibility for material delivered to the jobsite. The Customer is financially responsible for all cost to replace any damaged, stolen or missing material or equipment. Otis will not be responsible for deductibles on "Builder's Risk" insurance policies. Otis will provide a change order, police report and affidavits as needed to substantiate the claim. Otis will not procure replacement equipment until a signed change order is received.

LOCKOUT TAG OUT

In furtherance of OSHA's directive contained in 29 C.F.R. § 1910.147(f)(2)(i), which requires that a service provider (an "outside employer") and its customer (an "on-site employer") must inform each other of their respective lock out/tag out ("LOTO") procedures whenever outside servicing personnel are to be engaged in control of hazardous energy activities on the customer's site, Otis incorporates by reference its mechanical LOTO procedures and its electrical LOTO procedures. These procedures can be obtained at www.otis.com by (1) clicking on "The Americas" tab on the left side of the website; (2) choosing "US/English" to take you to the "USA" web page; (3) clicking on the "Otis Safety" link on the left side of the page; and (4) downloading the "Lockout Tagout Policy Otis 6.0" and "Mechanical Energy Policy Otis 7.0," or the then most current version, both of which are in .pdf format on the right side of the website page. Customer agrees that it will disseminate these procedures throughout its organization to the appropriate personnel who may interact with Otis personnel while Otis personnel are working on site at Customer's facility.

CONFINED SPACES

The machine room, hoistway, pit and mezzanine ("Elevator Spaces") may be considered Permit- Required Confined Spaces as defined by the Occupational Safety and Health Organization ("OSHA"), 29 C.F.R. § 1910.146(b) and § 1926 Subpart AA. Otis has a documented process to control or eliminate hazards and classify such Elevator Spaces as non-permit required confined spaces. In the event that the Customer, others, or unique site conditions or hazards (such as chemical manufacturing sites) require Otis to handle such Elevator Spaces as Permit-Required Confined Spaces, the Customer or owner will be responsible for supplying, at its expense, all resources, including monitoring, permitting, attendants and rescue planning associated with handling such Elevator Spaces as Permit-Required Confined Spaces. The Customer or owner is required to inform Otis of all known or potential hazards related to Elevator Spaces that Otis may be required to access prior to Otis performing any work in such spaces. Further, the Customer or owner is required to communicate any changes in the conditions associated with such Elevator Spaces or activities in or around such spaces that could introduce a hazard into such spaces.

Section 10

GENERAL REQUIREMENTS

EXAMINATION OF EQUIPMENT

Except insofar as your equipment may be covered by an Otis maintenance or service contract, it is agreed that we will make no examination of your equipment other than that necessary to do the work described in this Contract and assume no responsibility for any part of your equipment except that upon which work has been done under this contract.

RE-MOBILIZATION

You agree to pursue and schedule the work by other trades in a timely manner so as to not interrupt our work. Should our crew(s) have to suspend work on the job to await the conclusion of work by others not party to this contract, we shall be entitled to a re-mobilization charge of 410 N Arlington Heights/Unit 1 **(\$3,500.00)**. We shall also extend the stated durations to the extent that we are delayed.

INSURANCE

OTIS

Otis agrees to maintain General Liability coverage in the amount of \$1,000,000 per occurrence and \$2,000,000 in the aggregate, Automobile Liability in the amount of \$1,000,000 Combined Single Limit for Bodily Injury and Property Damage, Worker's Compensation in statutory limits. Employer's Liability in the amount of \$1,000,000 for Each Accident, Each Employee – Disease. We shall maintain worker's compensation and employers' liability insurance covering our liability for injury or death sustained by our employees, and comprehensive general liability insurance.

CUSTOMER

You shall insure that all risk insurance upon the full value of the Work and material delivered to the job site is maintained at no cost to us.

CERTIFICATES

If either party so requires, in writing, the other party shall furnish a copy of the certificates of insurance evidencing the above insurance coverages.

PRE-EXISTING CONDITIONS HYDRAULIC

We have not included for any additional costs associated with identifying or correcting car weights previously increased or decreased more than the ASME code allowance of 5% of original design.

PAYMENT AND SCHEDULE OF VALUES

You agree to be bound and pay in accordance with the supplied schedule of values. We shall be paid for our material delivery invoice prior to starting installation work. We shall be paid in full for all change orders and the base Contract amount (**no less than 95%**) prior to scheduling an inspection and/or turnover of the elevators to you for use. Otis reserves the right at its absolute discretion to discontinue work or not turn over elevators unless payments are current.

- Our quoted price is based on the "Initial Payment" equaling **fifty percent (50%)** of Contract award. This amount PLUS a fully executed subcontract must be received prior to releasing equipment for manufacturing or scheduling any other work. Refer to the "Schedule of Values" below.
- Otis will mobilize after the "Material Delivery Payment" is received. See "Schedule of Values" below.
- If Otis is directed by you to furnish any labor, service, or material that is outside of the mutually agreed upon scope of work of this Contract ("Out of Scope Work"), Otis may agree to perform such Out of Scope Work (1) subject to receipt of a written notice to proceed prior to commencement of any such Out of Scope Work; and (2) contingent upon receipt of a mutually agreed upon and executed change order within thirty (30) calendar days of such written notice to proceed. If the parties are unable to agree to terms that lead to the issuance of a mutually agreed upon and executed change order within such thirty (30) day period, Otis may suspend the Out of Scope Work. Notwithstanding any other provision, language, term or condition to the contrary, Otis shall not be liable for any project delays and/or damages, including but not limited to liquidated damages, associated with a delay in the issuance of a mutually agreed upon and executed change order.

SUBSTANTIAL COMPLETION/"LABOR PROGRESS PAYMENTS"

- This payment is due upon substantial completion of each modernized elevator. The "Labor Progress Payment" amount shown on the SOV is divided by the total number of elevators being modernized as a part of this Contract. Substantial completion is defined as a functional elevator that is acceptable by the authority having jurisdiction as useable for temporary or general use. Any agreed upon punch-list items will be corrected within a mutually agreeable timeframe. This payment, however, is still due upon substantial completion of each elevator.
- Final retention payment shall be due within thirty (30) days after acceptance of each elevator installation. Otherwise, warranties shall be suspended or terminated at Otis' absolute discretion.
- All change orders must be executed and paid prior to scheduling a final inspection and turnover of each elevator to customer.
- Otis will not agree to any language referencing or implying "pay when paid." This Contract is between Otis Elevator and referenced entity. The attached payment schedule ("Schedule of Values") is not contingent upon said entity's ability to be paid by others or any other factor or event not described above.
- Otis does not accept credit cards as a form of payment.

SCHEDULE OF VALUES:

SCHEDULE OF VALUES			
Base Contract Amount: \$159,842.00			
DUE DATE	DESCRIPTION	%	VALUE
Due within 30 days from date of invoice or prior to release of factory orders, whichever occurs first.	Engineering/Drawings/Mobilization "Initial Payment"	50	\$79,921
Due within 30 days from date of invoice or prior to installation, whichever occurs first. Installation will not commence until this material payment is made.	Materials for project "Material Delivery Payment"	25	\$39,961
Due within 30 Days from substantial completion of each elevator.	Installation labor "Labor Progress Payments"	25	\$39,960

Otis may add a surcharge to the Purchase Price to compensate for changes to import tariffs implemented **after the date hereof** by the United States government. The surcharge will be in an amount as determined by Otis that either approximates the increase in cost to the actual products imported hereunder due to such tariff increases, or in an amount that allocates the overall increases in import tariffs across Otis' United States business to this project in proportion to the amount of imported materials allocated to this project.

LEAD TIME AND DURATION

We anticipate approximately 13-16 weeks manufacturing time from receipt of approvals and down payment.

Thereafter, we expect the modernization to take approximately 6 weeks per car. All work will be performed during our regular working hours of our regular working days.

SCHEDULE

Our proposal is based on a delivery date of 13-16 weeks from receipt of final approvals and down-payment. If the delivery date is delayed 90 calendar days or greater, customer agrees to pay applicable factory material price increases. A fully executed change order and full payment of the price increase, in addition to full payment of the required down payment by Customer is required prior to the factory material being ordered and released. Additionally, if your project schedule changes and extends installation or

completion of labor into a future year or year(s), Customer agrees to pay applicable labor escalation price increases. A fully executed change order regarding the labor escalation price increase must be executed prior to mobilization and the start of any work.

Due to current market conditions the availability of elevator installation labor is limited. If this proposal is not accepted within 30 days, prior to acceptance of any award Otis reserves the unilateral right to decline the award based on a review of the project schedule and our labor availability/commitments.

CODE CLARIFICATIONS

ASME A17.1/CSA B44 (2019) –

ASME A17.1 / CSA B44 (2019): Otis' proposal meets the requirements included in the ASME A17.1 / CSA B44 2019 code, including an emergency communication system that conforms to, Requirement 2.27.1.1 for two-way voice, video & text emergency communication.

Work By Others

Customer or owner will provide a dedicated RJ45 internet network connection to each elevator controller. Additional internet network details and requirements will be provided by Otis later.

Section 11

ALTERNATES

ALTERNATE # 1 – CAB INTERIOR UPGRADE

Cab interior allowance will include all labor to remove the existing cab panels and ceiling and replace with new. It also includes the material for the new cab interior. Flooring is not included in the cab allowance.

ADD: Twenty-two thousand per elevator and 00/100 Dollars (\$22,000.00)

Please indicate your intention to choose this option by initialing here:

The extent of the work to be performed is either described above or in the attached specification which is incorporated into and made a part of this document.

PRICE	Original Price: \$163,104.00 OMNIA Discount: 2% Discounted Price: \$159,842.00
	One hundred fifty-nine thousand eight hundred forty-two Dollars

This price is based on a **fifty percent (50%)** downpayment in the amount of \$79,921.00

This proposal, including the provisions printed on the pages following, shall be a binding contract between you, or the party identified below for whom you are authorized to contract, and us when accepted by you and our authorized representative through execution of this proposal; or by your authorizing us to perform work for the project and our commencing such work. The purchase price in this proposal is subject to increase in the event commodity, fuel, and/or shipping transportation costs increase. This quotation is valid for thirty (30) days from the date of submission unless changed by us prior to a fully executed contract.

TERMS AND CONDITIONS

This Contract constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Contract shall not be binding upon either party unless agreed to in writing by an authorized representative of each party. Both parties agree that any form issued by you that contains any terms that are inconsistent with those contained herein shall not modify this Contract, nor shall it constitute an acceptance of any additional terms.

The work shall be performed for the agreed price plus any applicable sales, excise or similar taxes as required by law. In addition to the agreed price, you shall pay to us any future applicable tax imposed on us, our suppliers or you in connection with the performance of the work described.

This quotation is subject to change or withdrawal by us prior to written acceptance.

We warrant to you that the work performed by us hereunder shall be free from defects, not inherent in the quality required or permitted, in material and workmanship for one (1) year from the date of substantial completion. Our duty and your remedy under this warranty are limited to our correcting any such defect you report to us within the warranty period by, at our opinion, repair or replacement, provided all payments due under the terms of this Contract have been made in full. All parts used for repair or replacement under this warranty shall be good quality and furnished on an exchange basis. Printed circuit boards used for replacement parts under this warranty may be refurbished boards. Exchanged parts become our property. This warranty excludes any damage due to ordinary wear and tear and any damage due to any reason beyond our reasonable control including but not limited to vandalism, abuse, misuse, neglect, modifications not performed by us, or improper or insufficient maintenance by others. THE EXPRESS WARRANTIES SET FORTH IN THIS CONTRACT ARE THE EXCLUSIVE WARRANTIES GIVEN: WE MAKE NO OTHER WARRANTIES EXPRESS OR IMPLIED, AND SPECIFICALLY MAKE NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE; AND THE EXPRESS WARRANTIES SET FORTH IN THIS CONTRACT ARE IN LIEU OF ANY SUCH WARRANTIES AND ANY OTHER OBLIGATION OR LIABILITY ON OUR PART.

We shall perform the work during our regular working hours of our regular working days unless otherwise agreed in writing. You shall be responsible for providing suitable storage space at the site for our material.

You shall obtain title to the equipment furnished hereunder when final payment for such equipment is received by us. In addition, you shall be granted a license to use software incorporated into such equipment solely for operating such equipment and in accordance with the terms regarding licensing further below. Further, Customer shall not have the right to take title or possession of any of Otis' tools or machinery used by Otis in providing its services or work.

Any drawings, illustrations or descriptive matter furnished with the proposal are submitted only to show the general style, arrangement and dimensions of the equipment.

Payments shall be made pursuant to the payment schedule above and on the following terms: If the work is not completed within a thirty day period, monthly progress payments shall be made based on the value of any equipment ready or delivered, if any, and labor performed through the end of the month less the agreed upon retainage and the aggregate of previous payments. We shall be paid in full for all change orders and no less than the percentage base contract amount stated above prior to scheduling an inspection and/or turnover of the elevators to you for use. The retainage shall be paid when the work is completed. We reserve the right to discontinue our work at any time until payments shall have been made as agreed and we have assurance satisfactory to us that subsequent payments will be made when due. Payments not received within thirty (30) days of the date of invoice shall be subject to interest accrued at the rate of eighteen percent (18%) per annum or at the maximum rate allowed by applicable law, whichever is less. We shall also be entitled to reimbursement from you of the expenses, including attorney's fees, incurred in collecting any overdue payments.

Any material removed by us in the performance of the work shall become our property.

Our performance is conditioned upon your securing any required governmental approvals for the installation of any equipment provided hereunder and your providing our workmen with adequate electrical power at no cost to us with a safe place in which to work, and we reserve the right to discontinue our work in the building whenever in our opinion working conditions are unsafe. If overtime work is mutually agreed upon and performed, an additional charge thereof, at our usual rates for such work, shall be added to the Contract price. The performance of our work hereunder is conditioned on your performing the preparatory work and supplying the necessary data specified on the front of this proposal or in the attached specification, if any. Should we be required to make an unscheduled return to your site to begin or complete the work due to your request, acts or omissions, then such return visits shall be subject to additional charges at our current labor rates. We disclaim any responsibility for claims or damages associated with elevator service interruptions caused by or resulting from work performed by you or others retained by you to perform work.

We shall retain a security interest in all material furnished hereunder and not paid for in full. You agree that a copy of this Contract may be used by us as a financing statement for the purpose of placing upon public record our interest in any material furnished hereunder, and you agree to execute a UCC-1 form or any other document reasonably requested by us for that purpose.

Except insofar as your equipment may be covered by an Otis maintenance or service contract, it is agreed that we will make no examination of your equipment other than that necessary to do the work described in this Contract and assume no responsibility for any part of your equipment except that upon which work has been done under this Contract.

We do not agree under our warranty to bear the cost of repairs or replacements due to vandalism, abuse, misuse, neglect, normal wear and tear, modifications not performed by us, improper or insufficient maintenance by others, or any cause beyond our control.

We shall conduct, at our own expense, the defense of any claim, suit or action alleging that, without further combination, the use by you of any equipment provided hereunder directly infringes any patent, but only on the conditions that (a) we receive prompt written notice of such claim, suit or action and full opportunity to assume the sole defense thereof, including settlement and appeals, and all information available to you for such defense; (b) said equipment is made according to a specification or design furnished by us; and (c) the claim, suit or action is brought against you. Provided all of the foregoing conditions have been met, we shall, at our own expense, either settle said claim, suit or action or shall pay all damages excluding consequential damages and costs awarded by the court therein and, if the use or resale of such equipment is finally enjoined, we shall at our option, (i) procure for you the right use of the equipment, (ii) replace the equipment with equivalent noninfringing equipment, (iii) modify the equipment so it becomes noninfringing but equivalent, or (iv) remove the equipment and refund the purchase price (if any) less a reasonable allowance for use, damage or obsolescence.

Under no circumstances shall either party be liable for special, indirect, liquidated, or consequential damages or losses of any kind including, but not limited to, loss of revenues, loss of profits, loss of rents, loss of good will, loss to business opportunity, or harm to business reputation, in contract, tort, including negligence, warranty or otherwise, notwithstanding any indemnity provision to the contrary. We will use commercially reasonable efforts to complete the work set forth herein with minimal disruption to elevator service for you and your tenants (as applicable). Notwithstanding the foregoing, the parties acknowledge that delays and disruptions in service are a normal result of the type of work described herein, and notwithstanding any other representations, warranties or indemnity obligations hereunder, we will have no liability for any direct or indirect damages resulting from interruptions in elevator service during the performance of our obligations. Neither party's liability to the other for any reason arising from this Contract shall exceed the value of the Contract.

Otis shall not be liable for any loss, damage, or delay nor be found to be in default or breach due to any cause beyond its reasonable control including, but not limited to acts of God or nature: fire; explosion; theft; floods; water; weather; traffic conditions; epidemic, pandemic, quarantine or other local, state, or federal government action in response thereto; sabotage; national emergency; act of terrorism; earthquake; riot; civil commotion; war; vandalism; national or local labor strikes, lockouts, other labor disputes; misuse, abuse, neglect, mischief, or work by others (collectively "Causes Beyond Otis' Reasonable Control"). Otis shall be allowed a reasonable amount of additional time for the performance of the Work due to Causes Beyond Otis' Reasonable Control. Otis' ability to maintain scheduled job progress is further conditioned upon the timely furnishing to Otis by Customer of completed and code compliant hoistway(s) (wellway) and machine rooms, necessary approvals and power of proper characteristics for Otis' uninterrupted use.

The products and/or services being provided may result in the collection of Personal Information. The Parties will comply with applicable Data Privacy Laws as they pertain to personal information processed in connection with activity under this Contract. "Personal Information" shall mean information and data exchanged under this Contract related to an identifiable natural person. "Processing" of Personal Information shall mean the operation or set of operations whether automated or not, performed on Personal Information such as collecting, recording, organizing, structuring, storing, adapting, altering, retrieving, consulting, using, disclosing, sharing or erasing. "Controller" shall mean the party that determines the purposes and means of processing Personal Information. With respect to any Personal Information provided by you to Otis, you shall be the Controller and you warrant that you have the legal right to share such Personal Information with Otis and you shall be responsible for all obligations relating to that data, including without limitation providing notice or obtaining consent as may be required by law. Once you have lawfully provided Personal Information to Otis, you and Otis shall become co-Controllers. Otis may share such Personal Information internally, across borders and with service providers in accordance with applicable Data Privacy Laws. Otis transfers information subject to the corporate rules of its parent company. Otis may store Personal Information provided by you on servers located and accessible globally by Otis and its parent and their services providers. The parties agree to cooperate and to take reasonable commercial and legal steps to protect Personal Information against undue disclosure. In this regard each party shall notify the other in the event of a data breach, which shall include the actual or unauthorized access to or possession of, or the loss or destruction of, Personal Information, whether intentional or accidental. The party whose system was compromised in the data breach incident shall be responsible for any notifications and associated costs. Should either party receive in any form, (i) a complaint or allegation indicating a violation of applicable data privacy law, (ii) a request seeking access to correct or delete Personal Information or (iii) an inquiry or complaint related to the processing of personal information, said party shall take reasonable commercial steps to immediately notify the other party.

Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort, in warranty or otherwise, shall not exceed the price for the equipment or services rendered.

It is agreed that after completion of our work, you shall be responsible for ensuring that the operation of any equipment furnished hereunder is periodically inspected.

By accepting delivery of parts incorporating software you agree that the transaction is not a sale of such software but merely a license to use such software solely for operating the unit(s) for which the part was provided, not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others.

except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms prior to any such transfer.

Our work shall not include the identification, detection, abatement, encapsulation or removal of asbestos, polychlorinated biphenyl (PCB), or products or materials containing asbestos, PCB's or other hazardous substances. In the event we encounter any such product or materials in the course of performing work, we shall have the right to discontinue our work and remove our employees from the project until you have taken the appropriate action to abate, encapsulate or remove such products or materials, and any hazards connected therewith, or until it is determined that no hazard exists (as the case may require). We shall receive an extension of time to complete the work hereunder and compensation for delays encountered as a result of such situation.

This Contract constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Contract shall not be binding upon either party unless agreed to in writing by an authorized representative of each party. Both parties agree that any form issued by you that contains any terms that are inconsistent with those contained herein shall not modify this Contract, nor shall it constitute an acceptance of any additional terms.

BOARD SUMMARY

Date: February 19, 2024
Subject: Administration Center Elevator Modernization
From: John Kramer, Director of Parks
Jennifer Rogers, Superintendent of Parks Trades

Summary

The elevator at the Administration Center is approximately 36 years old, and the replacement parts are becoming obsolete. Staff reached out to Otis Elevator Company through the Omnia Partners cooperative purchase program and TK Elevator Corporation and Schindler Elevator through Sourcewell cooperative purchase program to solicit quotes for modernization of the equipment. Staff met with Otis and TK, and proposals were received from Otis Elevator Company and TK. Otis Elevator Company is the Park District's current elevator maintenance contractor for all elevators except the one near the front entrance at the ARC, which is TK.

The modernization will also include an elevator cab interior upgrade. Lead time to receive the equipment is 13-16 weeks from receipt of approvals and down payment. Once the work starts on the elevator, it will take approximately 6 weeks to complete.

I am asking for approval of a 5% contingency above the contract amount of \$181,842 for a total request for approval of \$190,934 in case of additional work needed. In addition, the purchase price in Otis' proposal is subject to increase in the event commodity, fuel, and/or shipping transportation costs increase. The budget for this project is \$280,500. This includes the work to upgrade the fire alarm in the building to be compatible with the new elevator requirements. The total requested amount for the elevator and fire alarm would still be below the budgeted amount for this project.

Attorney Paine has reviewed the paperwork from Otis Elevator Company and Otis and Attorney Paine have come to agreement on modified indemnification wording and agreement by Otis to certifications that are normally included in our bid specifications.

Staff Recommendation

Staff recommends utilizing Omnia Partners contract #2019001563 to modernize the Administration Center elevator with Otis Elevator Company.

Motion

Move to approve the purchase and installation of elevator equipment from Otis Elevator Company, Lombard, IL, through Omnia Partners contract #2019001563 for \$181,842 with a project budget of \$190,934.

BOARD SUMMARY

Date: March 12, 2024
Subject: Upgrade of Administration Center Fire Alarm System
From: John Kramer, Director of Parks and Planning
Jennifer Rogers, Superintendent of Parks-Trades

Summary

This purchase includes installation of fire and sprinkler supervisory control alarm systems for the Administration Center. This includes the panel and associated equipment. The fire alarm system was identified for upgrading in conjunction with the elevator modernization requirements.

Company	Total
World Security and Control Inc. Harvard, IL	\$82,105

World Security has maintained the Park District fire alarm systems for more than 20+ years. Staff consulted with legal counsel on the exemption from competitive bidding based on the telecommunications / interconnection equipment being provided and serviced by World Security and Control Inc. World Security will submit plans to the Village of Arlington Heights for approval. This work will also be coordinated with Johnson Controls Security Solutions for the installation of the wireless radio monitoring devices that connect the panels to Northwest Central Dispatch.

Funding for this project comes from \$280,500 in approved capital funds for the Ad Center elevator modernization project. I am asking for approval of a 5% contingency above the contract amount of \$82,105 for a total request for approval of \$86,210 in case of additional work needed. The budget for this project is \$280,500. This includes the work to upgrade the fire alarm in the building to be compatible with the new elevator requirements. The total requested amount for the fire alarm and elevator would still be below the budgeted amount for this project.

Staff Recommendation

Staff recommends approval of the Administration Center fire alarm system upgrade with World Security and Control, Inc.

Motion

Move to approve the installation and expansion of fire alarm systems at the Administration Center by World Security and Control, Inc. in the amount of \$82,105 with a project budget of \$86,210.

March 20, 2024

Tony Landi
Otis Elevator Company
949 Oak Creek Drive
Lombard, IL 60148

Dear Tony,

Re: Notice of Award

After reviewing the proposal for the Administration Center elevator modernization, the Arlington Heights Park District Board of Commissioners has approved award of the contract to Otis Elevator Company in the amount of \$181,842. This includes the modernization for \$159,842 and the cab interior upgrade for \$22,000. Payment will be made via ACH unless notified otherwise. You will be provided a letter to assist with permitting in asking the Village of Arlington Heights to waive any fees related to this project. I understand that there will be an additional cost to the payment and performance bond.

Please provide:

- Payment & Performance Bonds
- One copy of signed Agreement- attached
- One copy of signed Certified Payroll Notification- attached

Jennifer Rogers, Superintendent of Parks Trades is your contact for any questions regarding the project. You can reach her at 847-506-4060 to set up a work schedule. She will get you access to the building/meet you at the work site.

If you have any billing questions, please give Sheila Cruz a call at (847) 577-3009 or by email at scruz@ahpd.org.

Thank you for accepting this project. We are eager to get this project started!

Sincerely,

John Kramer
Director of Parks and Planning

ARLINGTON HEIGHTS PARK DISTRICT
PREVAILING WAGE ACT NOTIFICATION
CERTIFIED PAYROLL NOTIFICATION

To: **Otis Elevator Company**

Referencing our recent order for: Administration Center elevator modernization

Placed on: **March 20, 2024**

Notice is hereby given that as of January 1, 2010, and amended January 2012 and January 2013, Public Act 96-0437 requires written notification to contractors and subcontractors of the following:

This contract calls for the construction of a "public work", within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 *et seq.* ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers, and mechanics performing services on public works projects no less than the 'prevailing rate of wages' (hourly cash wages plus fringe benefits) in the county where the work is performed. For more information regarding current prevailing wage rates, please refer to the Illinois Department of Labor's website at: <https://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/prevailing-wage-rates.aspx>. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, *including but not limited to*, all wage, notice and record keeping duties.

Please submit copies of certified payroll records weekly or at the time of invoicing. Direct any questions about this contract to the following: Jennifer Rogers and 847-506-4060.

AGREEMENT

This Agreement made this _____ day of March, 2024

by and between Otis Elevator Company, hereinafter called the "CONTRACTOR" and the ARLINGTON HEIGHTS PARK DISTRICT, hereinafter called the "PARK DISTRICT". WITNESSETH, that the CONTRACTOR and the PARK DISTRICT for the consideration stated herein agree as follows:

ARTICLE I – SCOPE OF WORK: The CONTRACTOR shall provide all of the materials and perform all of the work described in the specifications entitled:

Administration Center elevator modernization

and in strict accordance with the requirements of all of the component parts of this Agreement as noted under Article V, all of which are attached hereto and made a part hereof.

ARTICLE II – TIME OF COMPLETION: This work to be performed under this agreement shall be commenced immediately and shall be completed approximately September 2024.

ARTICLE III – CONTRACT PRICE: The PARK DISTRICT shall make payments to the CONTRACTOR for the completed performance of work included in this agreement in compliance with the prices as noted in the CONTRACTOR’S bid and in accord with any subsequent approved agreement change orders subject to all of the provisions of the component parts of this agreement.

Base Bid \$ 181,842

ARTICLE IV – COMPLIANCE WITH LAW: The CONTRACTOR shall comply with all statutes, rules and regulations of all Federal, State and Local Agencies having jurisdiction over the proposed improvement at the time the proposal was submitted to the PARK DISTRICT. Any and all costs associated in complying with said statutes, rules and regulations in effect at the time proposals were submitted and due shall be included within the costs of the proposal submitted.

ARTICLE V – COMPLIANCE WITH PREVAILING WAGE ACT: This contract calls for the construction of a "public work," within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01-04 et seq. ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the "prevailing rate of wages" (hourly cash wages plus fringe benefits) in the county where the work is performed. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor’s website at: <http://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/prevailing-wage-rates.aspx>. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage, notice and record keeping duties. The prevailing rate of wages are revised by the Department of Labor and are available on the Department’s official website.

ARTICLE VI – COMPLIANCE WITH ADA: In addition to the obligations set forth in Article IV, the contractor confirms that the materials and/or products listed in the proposal for bid do comply with the Americans with Disabilities Act, Title II, the ADA Accessibility Guidelines, the Illinois Accessibility Code, and all rules and regulations promulgated with reference thereto. In addition, if the contractor is obligated by this agreement to install the materials and/or products, the contractor shall install the materials and/or products in compliance with the Americans with Disabilities Act, Title II, ADA Accessibility Guidelines, the Illinois Accessibility Code, and all rules and regulations promulgated with reference thereto. All costs of compliance with said statutes, rules and regulations in effect at the time the contractor submitted its bid have been included in the contract price.

ARTICLE VII – COMPONENT PARTS OF THIS AGREEMENT: This agreement consists of the following component parts, all of which are as fully a part of this agreement as if herein set out verbatim, or if not attached, as if attached hereto:

- This Agreement
- Contractor’s Certification
- Special Conditions
- Addenda, (if any)
- Construction Drawings

In the event that any provisions in any of the above component parts of the agreement conflict with any provision in any other component parts, the provision in the component part last enumerated above shall govern over any other component part which precedes it numerically, except as may otherwise specifically stated.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed in the original counterparts the day and year first above written.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed in three (3) original counterparts the day, month and year first above written.

****SEAL****

ADDENDUM

This Addendum ("Addendum") is made to the Service Agreement (the "Agreement") by and between Otis Elevator Company an Illinois corporation ("Otis") and Arlington Heights Park District, an Illinois park district (the "District"). This Addendum modifies and supplements the Agreement. In the event of any conflict between the provisions of the Agreement and this Addendum, the provisions of this Addendum shall control. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to them in the Agreement.

- A. **Indemnification**: The following language shall be added in its entirety to the Terms and Conditions of the Agreement as follows:

Otis agrees to indemnify the Customer, its directors, officers, and employees from and against all loss, liability, obligation, damage, penalty, cost, charge or expense (including reasonable attorneys' fees) which any of them may suffer, incur, or pay out by reason of, and to the extent of, any negligent, reckless or intentionally malicious act, error or omission of Otis, our employees, agents, subcontractor's and/or materialmen occurring during performance of the work in connection with the project, but not to the extent caused by others.

- B. **Contractor Certifications**: The following Exhibit A shall be added in its entirety as an Exhibit to the Agreement as follows:

EXHIBIT A

CONTRACTOR COMPLIANCE AND CERTIFICATIONS ATTACHMENT

Note: The following certifications form an integral part of the Agreement between the Owner and Contractor. Breach by Contractor of any of the certifications may result in immediate termination of the Contractor's services by Owner.

THE UNDERSIGNED CONTRACTOR HEREBY ACKNOWLEDGES, CERTIFIES, AFFIRMS AND AGREES AS FOLLOWS:

- A. Contractor has carefully read and understands the contents, purpose and legal effect of this document as stated above and hereafter in this document. The certifications contained herein are true, complete and correct in all respects.

- B. Contractor shall abide by and comply with, and in contracts which it has with all persons providing any of the services or Work on this Project on its behalf shall require compliance with, all applicable Federal, State and local laws and rules and regulations including without limitation those relating to 1) fair employment practices, affirmative action and prohibiting discrimination in employment; 2) workers' compensation; 3) workplace safety; 4) wages and claims of laborers, mechanics and other workers, agents, or servants in any manner employed in connection with contracts involving public funds or the development or construction of public works, buildings or facilities; and 5) steel products procurement.

- C. All contracts for this Project are subject to the provisions of the Illinois Prevailing Wage Act (820 ILCS 130/0.01 *et seq.*), providing for the payment of the prevailing rate of wage to all laborers, workmen and mechanics engaged in the Work. Contractor shall pay prevailing rates of wages in accordance with the wage determination included with the Contract Documents and any subsequent determinations issued by the Illinois Department of Labor which shall supersede the determination included in the Contract Documents, all in accordance with applicable law. Contractor is responsible for determining the applicable prevailing wage rates at the time of bid submission and at the time of performance of the Work. Failure of Contractor to make such determination shall not relieve it of its obligations in accordance with the Contract Documents. Contractor shall also comply with all other requirements of the Act including without limitation those pertaining to inclusion of required language in subcontracts, job site posting, maintenance and submission of certified payroll records and inspection of records. Contractor is not barred from entering into public contracts under Section 11a of the Illinois Prevailing Wage Act due to its having been found to have disregarded its obligations under the Act.

- D. To the best of Contractor's knowledge, no officer or employee of Contractor has been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, or any unit of local government, nor has any officer or employee made an admission of guilt of such conduct which is a matter of record.
- E. Contractor is not barred from bidding on or entering into public contracts due to having been convicted of bid-rigging or bid rotating under paragraphs 33E-3 or 33E-4 of the Illinois Criminal Code. Contractor also certifies that no officers or employees of the Contractor have been so convicted and that Contractor is not the successor company or a new company created by the officers or owners of one so convicted. Contractor further certifies that any such conviction occurring after the date of this certification will be reported to the Owner, immediately in writing, if it occurs during the bidding process, or otherwise prior to entering into the Contract therewith.
- F. Pursuant to the Illinois Human Rights Act (775 ILCS 5/2-105), Contractor has a written sexual harassment policy that includes, at a minimum, the following information: (i) a statement on the illegality of sexual harassment; (ii) the definition of sexual harassment under State law; (iii) a description of sexual harassment utilizing examples; (iv) the Contractor's internal complaint process including penalties; (v) the legal recourse, investigative and complaint process available through the Illinois Department of Human Rights and the Human Rights Commission and directions on how to contact both; and (vi) protection against retaliation as provided by Section 6-101 of the Illinois Human Rights Act. Contractor further certifies that such policy shall remain in full force and effect. A copy of the policy shall be provided to the Illinois Department of Human Rights upon request.
- G. Contractor shall abide by the "Employment of Illinois Workers on Public Works Act" (30 ILCS 570/0.01 *et seq.*) which stipulates that whenever there is a period of excessive unemployment in Illinois, defined as any month immediately following two (2) consecutive calendar months during which the level of unemployment in Illinois exceeds five percent (5%) as measured by the U.S. Bureau of Labor Statistics in its monthly publication of employment and unemployment figures, the Contractor shall employ 90% Illinois laborers unless otherwise exempted as so stated in the Act. ("Illinois laborer" means any person who has resided in Illinois for at least 30 days and intends to become or remain an Illinois resident). Other laborers may be used if Illinois laborers are not available or are incapable of performing the particular type of work involved if so certified by the Contractor and approved by the Owner.
- H. (i) Contractor's bid proposal was made without any connection or common interest in the profits anticipated to be derived from the Contract by Contractor with any other persons

submitting any bid or proposal for the Contract; (ii) the Contract terms are in all respects fair and the Contract will be entered into by Contractor without collusion or fraud; (iii) no official, officer or employee of the Owner has any direct or indirect financial interest in Contractor's bid proposal or in Contractor, (iv) the Contractor has not directly or indirectly provided, and shall not directly or indirectly provide, funds or other consideration to any person or entity (including, but not limited to, the Owner and the Owner's employees and agents), to procure improperly special or unusual treatment with respect to this Agreement or for the purpose of otherwise improperly influencing the relationship between the Owner and the Contractor. Additionally, the Contractor shall cause all of its officers, directors, employees, (as the case may be) to comply with the restrictions contained in the preceding sentence.

- I. Contractor knows and understands the Equal Employment Opportunity Clause administrated by the Illinois Department of Human Rights, which is incorporated herein by this reference, and agrees to comply with the provisions thereof. Contractor further certifies that Contractor is an "equal opportunity employer" as defined by Section 2000 (e) of Chapter 21, Title 42 of the United States Code Annotated and Executive Orders #11246 and #11375 as amended, which are incorporated herein by this reference.
- J. Neither Contractor nor any substantially owned affiliated company is participating or shall participate in an international boycott in violation of the provisions of the U.S. Export Administration Act of 1979 or the regulations of the U.S. Department of Commerce promulgated under that Act.
- K. Contractor is not barred from contracting with the Owner because of any delinquency in the payment of any tax administrated by the Illinois Department of Revenue, unless it is being contested. Contractor further certifies that it understands that making a false statement regarding delinquency in taxes is a Class A misdemeanor and, in addition, voids the Contract and allows the Owner, a municipal entity, to recover in a civil action all amounts paid to the Contractor.
- L. If Contractor has 25 or more employees at the time of letting of the Contract, Contractor knows, understands and acknowledges its obligations under the Illinois Drug Free Workplace Act (30 ILCS 580/1 *et seq.*) and certifies that it will provide a drug-free workplace by taking the actions required under, and otherwise implementing on a continuing basis, Section 3 of the Drug Free Workplace Act. Contractor further certifies that it has not been debarred and is not ineligible for award of this Contract as the result of a violation of the Illinois Drug Free Workplace Act.

- M. Contractor knows, understands and acknowledges its obligations under the Substance Abuse Prevention on Public Works Act, 820 ILCS 265/1 *et seq.* A true and complete copy of Contractor's Substance Abuse Prevention Program Certification is attached to and made a part of this Contractor Compliance and Certification Attachment.
- N. The Contractor shall comply with the requirements and provisions of the Freedom of Information Act (5 ILCS 140/1 *et seq.*) and, upon request of the Park District's designated Freedom of Information Act Officer (FOIA Officer), Contractor shall within two (2) business days of said request, turn over to the FOIA Officer any record in the possession of the Contractor that is deemed a public record under FOIA.
