Re: ADA Improvements – New ADA Accessible Drinking Fountain with Bottle Filler

Dear Tracey,

The Mt. Prospect Park District hereby notifies and requests approval of the NWSRA Board of Directors for the proposed expenditures of funds from the Park District's Special Recreation levy to pay for the following improvements:

- Purchase and installation of a new tandem set ADA compliant wall mounted drinking fountain at the Central Community Center (CCC). This unit is located rinkside to the NWSRA entrance. The drinking fountain will meet or exceed the ADA Standard as in section 602 "Drinking Fountains."

The installation of this unit would provide for an accessible drinking fountain with a bottle filler where one does not currently exist. This would benefit disabled individuals that may use this area of the facility for training and meal purposes.

The Mt. Prospect Park District requests reimbursement for the full amount of the ADA compliant drinking fountain, to be installed at the CCC, at a cost not to exceed **\$4,500.00**. If you have any questions or require additional information, please do not hesitate to contact me at (847) 956-6773 Ext. 460 or mdziubinski@mppd.org.
