Challenges/Questions:

- For me, I sure would not like us to ask the question about the eligibility of a 501c3 and IMRF. I dug and dug through all my IMRF files to see if it was addressed and even glanced through the pension code and it is not addressed that I saw but there are a ton of other organizations listed and seems almost impossible that none of them are not 501c3s so I feel like it's been addressed before so why open that can of worms in my opinion. Just my thought.
